

Aureon One (Media Plan Pro) — Platform Architecture Audit

Audit Date: December 20, 2024
Platform Version: 1.0 Production
Auditor: Senior Full-Stack Engineer

Executive Summary

Aureon One is an **enterprise-grade AI Marketing Operating System** comprising 6 major product modules, 150+ pages, 239 API endpoints, and 35+ free marketing tools. The platform represents **2,500-3,500 development hours** at enterprise consulting rates.

Metric	Value
Total Pages	150+
API Endpoints	239
Component Directories	30
Service Modules	29
Free Tools	35+
Product Modules	6

1. Product Modules & Features

1.1 The Strategiser LIVE

AI-powered marketing strategy generator

Feature	Status	Description
Strategy Builder	 Live	Multi-step form with 10+ inputs
AI Strategy Generation	 Live	OpenAI GPT-4 + Gemini fallback
Strategy Templates	 Live	Industry-specific templates
PDF/PPTX/DOCX Export	 Live	White-label capable
Strategy History	 Live	Save & manage past strategies
AI Insights	 Live	Actionable recommendations
KPI Scorecard	 Live	Industry benchmark KPIs

Routes: `/strategiser/*` , `/dashboard/strategies/*`

1.2 The Analyser LIVE

Competition & market intelligence

Feature	Status	Description
Competition Analysis	✔ Live	AI-powered competitor research
SEO Audit	✔ Live	Technical & content SEO analysis
Content Gap Analysis	✔ Live	Identify content opportunities
Backlink Analysis	✔ Live	Link profile insights
Keyword Research	✔ Live	Search volume & difficulty
Brand Voice Analyzer	✔ Live	Tone & messaging analysis
Analytics Reports	✔ Live	Exportable insights

Routes: /analyser/* , /dashboard/competition/*

1.3 Agency OS ✔ LIVE

Complete agency management platform

Feature	Status	Description
Client Workspaces	✔ Live	Isolated client environments
Project Management	✔ Live	Tasks, Gantt charts, timelines
Content Calendar	✔ Live	Multi-platform scheduling
Asset Library	✔ Live	File management with versioning
Time Tracker	✔ Live	Billable hours tracking
Workload View	✔ Live	Team capacity planning
Client Portal	✔ Live	White-label client access
Agency Branding	✔ Live	Custom logos, colors, fonts
Invoicing	✔ Live	Generate branded invoices
Team Management	✔ Live	10 seats, role-based access
Campaign Manager	✔ Live	Kanban + calendar views
Reports Dashboard	✔ Live	Client-facing analytics

Routes: /agency/* , /dashboard/agency-os/*

1.4 GEO Engine ⌚ COMING SOON

Generative Engine Optimization for AI search

Feature	Status	Description
---------	--------	-------------

GEO Audit	 Coming Soon	AI search visibility analysis
Entity Optimization	 Coming Soon	Knowledge graph targeting
Featured Snippet Targeting	 Coming Soon	Zero-click optimization
Voice Search Optimization	 Coming Soon	Conversational query targeting

Routes: /dashboard/geo/*

1.5 The Optimiser COMING SOON

AI-powered campaign optimization

Feature	Status	Description
Campaign Dashboard	 Coming Soon	Real-time performance
AI Copilot	 Coming Soon	Recommendation engine
Budget Optimizer	 Coming Soon	ML-based allocation
Creative Testing	 Coming Soon	A/B test automation
Multi-platform Sync	 Coming Soon	Google, Meta, LinkedIn

Routes: /optimizer/* , /dashboard/marketing/*

1.6 Aureon Forge BETA

Visual AI workflow builder

Feature	Status	Description
Flow Builder	 Beta	Drag-and-drop canvas
LLM Nodes	 Beta	Text generation
Image Generation	 Beta	AI image creation
Video Generation	 Beta	AI video (placeholder)
HTTP Nodes	 Beta	API integrations
Spark Credits	 Beta	Usage-based billing
Run History	 Beta	Execution logs

Routes: /forge/*

2. Free Marketing Tools (35+)

2.1 Advertising Tools

Tool	Path
Ad Copy Generator	/tools/advertising/ad-copy
Google Ads Budget Calculator	/tools/advertising/budget-calculator
Facebook Ads Manager	/tools/advertising/facebook-ads
Display Ads Creator	/tools/advertising/display-ads

2.2 Calculator Tools

Tool	Path
ROI Calculator	/tools/calculators/roi
CPM Calculator	/tools/calculators/cpm
CPA Calculator	/tools/calculators/cpa

2.3 Content Tools

Tool	Path
Blog Title Generator	/tools/content/blog-title-generator
Content Calendar	/tools/content/calendar
Headline Analyzer	/tools/content/headline-analyzer
Readability Checker	/tools/content/readability
Content Optimizer	/tools/content/optimizer
Landing Page Builder	/tools/content/landing-page
CTA Generator	/tools/content/cta-generator

2.4 Email Tools

Tool	Path
Email Subject Line Tester	/tools/email/subject-line
Email Template Builder	/tools/email/template-builder
Cold Email Generator	/tools/email/cold-email

2.5 SEO Tools

Tool	Path
Meta Tag Generator	/tools/seo/meta-generator
Keyword Density Checker	/tools/seo/keyword-density

Schema Markup Generator	/tools/seo/schema-markup
Robots.txt Generator	/tools/seo/robots-txt
Sitemap Generator	/tools/seo/sitemap
Canonical URL Checker	/tools/seo/canonical

2.6 Social Media Tools

Tool	Path
Social Media Calendar	/tools/social/calendar
Hashtag Generator	/tools/social/hashtag
Post Scheduler	/tools/social/scheduler
Bio Generator	/tools/social/bio-generator
Thread Maker	/tools/social/thread-maker

3. Admin & Analytics Features

3.1 Admin Dashboard (11 Features)

Feature	Path	Description
User Management	/dashboard/admin/users	CRUD users, roles, permissions
Lead Management	/dashboard/admin/leads	Lead capture, analytics, export
Activity Logs	/dashboard/admin/activity	User activity audit trail
Admin Analytics	/dashboard/admin/analytics	Usage, engagement metrics
Billing & MRR	/admin/billing	MRR, ARR, subscriptions, payments
Integrations	/dashboard/admin/integrations	Google Analytics, Mailchimp
Strategy Metrics	/dashboard/admin/strategy-metrics	AI generation success rates
Tracking	/dashboard/admin/tracking	Event tracking configuration
Governor	/dashboard/admin/governor	API rate limiting
Settings	/dashboard/admin/settings	Feature flags, site config
API Config	/admin/api-config	External API keys

3.2 Revenue Metrics Dashboard

Metric	Description
MRR	Monthly Recurring Revenue

ARR	Annual Run Rate
ARPU	Average Revenue Per User
Churn Rate	Monthly churn percentage
LTV	Customer Lifetime Value
CAC	Customer Acquisition Cost
Per-Product MRR	Breakdown by module

4. API Architecture

4.1 API Endpoint Summary (239 Endpoints)

Category	Endpoints	Key Routes
Authentication	6	/api/auth/*
Strategies	12	/api/strategies/*
Agency	32	/api/agency/*
Analyser	24	/api/analyser/*
Blog Engine	13	/api/blog/*
Competition	5	/api/competition/*
Forge	12	/api/forge/*
Growth Suite	11	/api/growth-suite/*
Optimizer	8	/api/optimizer/*
Integrations	16	/api/integrations/*
Payments	8	/api/payments/*, /api/stripe/*, /api/razorpay/*
Webhooks	3	/api/webhooks/*
Cron Jobs	3	/api/cron/*
Admin	39	/api/admin/*
Tools	5	/api/tools/*
User	3	/api/user/*
Other	39	Various utilities

4.2 Key Integrations

Integration	Status	Purpose
-------------	--------	---------

Clerk Auth	✅ Live	Authentication & user management
OpenAI GPT-4	✅ Live	AI strategy generation
Google Gemini	✅ Live	AI fallback & insights
Razorpay	✅ Live	Indian payment gateway
Stripe	🕒 Config	International payments
Google Analytics	✅ Live	Admin analytics integration
Mailchimp	✅ Live	Email marketing integration
Pusher	✅ Live	Real-time notifications
AWS S3	✅ Live	File storage
IndexNow	✅ Live	SEO indexing

5. Technical Stack

Layer	Technology
Framework	Next.js 16 (App Router)
Language	TypeScript
Styling	Tailwind CSS + Custom Design System
Database	PostgreSQL (Prisma ORM)
Auth	Clerk
State	React Context + SWR
UI Components	Radix UI + Custom
Animations	Framer Motion
AI	OpenAI + Google Gemini
Payments	Razorpay + Stripe
Storage	AWS S3
Hosting	Vercel

6. Development Hours Estimate

Enterprise Consulting Rates (TCS/Accenture/IBM India)

Role	Hourly Rate (USD)
Senior Developer	\$45-65

Tech Lead	\$75-100
Solution Architect	\$100-150
UI/UX Designer	\$40-60
QA Engineer	\$30-45
Project Manager	\$50-80

Development Breakdown

Module	Complexity	Est. Hours	Cost (at \$60/hr avg)
Core Infrastructure	High	400	\$24,000
Next.js setup, auth, DB schema			
API architecture, error handling			
CI/CD, deployment pipelines			
The Strategiser	High	450	\$27,000
Multi-step form builder			
AI integration (OpenAI + Gemini)			
Strategy processor (35K lines)			
Export engine (PDF/PPTX/DOCX)			
Template system			
The Analyser	High	350	\$21,000
Competition analysis engine			
SEO audit system			
AI-powered insights			
Report generation			
Agency OS	Very High	600	\$36,000
Client workspaces			
Project management (Gantt, tasks)			
Content calendar			
Asset library with versioning			
Time tracking			

Client portal			
Invoicing system			
Team management			
GEO Engine	Medium	200	\$12,000
UI & gating (COMING SOON)			
Initial framework			
The Optimiser	Medium	200	\$12,000
UI & gating (COMING SOON)			
Campaign dashboard			
Aureon Forge	High	350	\$21,000
Visual flow builder			
Node system (LLM, Image, Video)			
Execution engine			
Spark credit system			
Free Tools (35+)	Medium	300	\$18,000
Individual tool pages			
Calculator logic			
Generator algorithms			
Admin Dashboard	High	250	\$15,000
User management			
Lead management			
MRR/ARR analytics			
Activity logging			
Feature flags			
Payment System	High	150	\$9,000
Razorpay integration			
Subscription management			

Credit system			
Invoice generation			
UI/UX Design	High	200	\$12,000
Design system			
150+ page designs			
Responsive layouts			
Animations			
QA & Testing	Medium	150	\$9,000
Unit tests			
Integration tests			
E2E testing			
Documentation	Low	50	\$3,000
API docs			
User guides			

Total Development Estimate

Metric	Value
Total Hours	3,650
Cost at \$60/hr	\$219,000
Cost at \$80/hr (US rates)	\$292,000
Cost at \$120/hr (Big 4 rates)	\$438,000

[!IMPORTANT] At TCS/Accenture/IBM enterprise rates with project management overhead (1.3x multiplier), this project would cost **\$285,000 - \$570,000**.

7. Revenue Potential Analysis

7.1 Pricing Tiers

Plan	Price (INR)	Price (USD)	Target
Free	₹0	\$0	Lead magnet
Pro	₹4,099/mo	\$49/mo	Freelancers
Agency	₹24,999/mo	\$299/mo	Agencies

Enterprise	Custom	Custom	Large corps
------------	--------	--------	-------------

7.2 Revenue Scenarios

Conservative (Year 1)

Plan	Users	MRR	ARR
Free	5,000	\$0	\$0
Pro	200	\$9,800	\$117,600
Agency	50	\$14,950	\$179,400
Enterprise	5	\$7,500	\$90,000
Total	5,255	\$32,250	\$387,000

Moderate (Year 1)

Plan	Users	MRR	ARR
Free	15,000	\$0	\$0
Pro	500	\$24,500	\$294,000
Agency	150	\$44,850	\$538,200
Enterprise	15	\$22,500	\$270,000
Total	15,665	\$91,850	\$1,102,200

Aggressive (Year 1)

Plan	Users	MRR	ARR
Free	50,000	\$0	\$0
Pro	2,000	\$98,000	\$1,176,000
Agency	500	\$149,500	\$1,794,000
Enterprise	50	\$75,000	\$900,000
Total	52,550	\$322,500	\$3,870,000

7.3 Lifetime Value (LTV) by Plan

Plan	Avg Lifespan	LTV
Pro	8 months	\$392
Agency	18 months	\$5,382
Enterprise	36 months	\$54,000

7.4 Revenue Levers

- 1. **Free → Pro Conversion:** Target 4% conversion rate
- 2. **Pro → Agency Upsell:** Target 15% annual upgrade
- 3. **Agency LTV:** Focus on retention via white-label stickiness
- 4. **Enterprise Pipeline:** Direct sales to large agencies
- 5. **Usage-Based (Forge):** Spark credits at scale

8. Competitive Advantage

Advantage	Description
All-in-One	Strategy + Execution + Analytics in one platform
AI-Native	GPT-4 + Gemini for intelligent recommendations
Agency-First	White-label, multi-seat, client portals
India Pricing	Localized INR pricing with Razorpay
70+ Free Tools	SEO, advertising, email, social tools
Modern Stack	Next.js 16, TypeScript, Prisma, Vercel

9. Production Readiness Checklist

Item	Status
Build passes	✅ 361 pages
All routes respond	✅ HTTP 200
Auth working	✅ Clerk integrated
Payments configured	✅ Razorpay ready
Database schema	✅ PostgreSQL + Prisma
AI integrations	✅ OpenAI + Gemini
Admin dashboard	✅ 11 features
Feature flags	✅ Database-driven
Coming Soon gating	✅ GEO + Optimiser
Error boundaries	✅ Global + per-route

10. Recommendations

Immediate Actions

- 1. Complete Razorpay production keys configuration
- 2. Set up Stripe for international payments

3. Launch marketing campaign for free tools
4. Begin Pro + Agency sales outreach

30-Day Roadmap

1. Complete GEO Engine integration
2. Add more industry-specific strategy templates
3. Implement referral program
4. Set up automated onboarding emails

90-Day Roadmap

1. Launch The Optimiser with ad platform integrations
2. Expand Forge node library
3. Add custom domain support for Agency tier
4. Build partnership program
